### Summary

Using React principles, I create highly responsive user interface elements for web-based user interactions. I'm able to build high-quality code for web application interfaces using JavaScript and ReactJS and convert designs from Figma/design files.

### Skills

Expertise: React Js, Javascript, TailwindCSS, DaisyUI, Bootstrap, React-Bootstrap, CSS3, HTML5, React-router.

Comfortable: API, Firebase, MongoDB, Express Js, Node Js

Familiar: TanStack Query, Axios, JWT, React Hook Form.

Tools: Browser Devtools(Chrome), Github,Netlify, Vercel, Visual Studio Code, Figma.

### Projects

#### 1. Buy Sell Club

**Code Repository Link:** *Client-Side*  , *Server Side*  , *Live Site*  .

**Used Technologies:** React, React Router, tailwind CSS, daisy UI, React-query, Axios, MongoDB, Express js, firebase, jwt, stripe.

**Key Features:**

- By using this website buyers and sellers can buy and sell books online.
- Users can advertise their books, Buyers can pay with Stripe payment gateway,
- Users can register/log in with email/google, and Sellers can add books/products to sell via the website.

#### 2. Life Care

**Code Repository Link:** *Client-side*  , *Server-side*  , *Live Site*  .

**Used-Technologies:** React, React Router Dom, firebase, tailwind CSS, daisy UI, react icon, react loader spinner, react photo view & sweet alert2.

**Key Features:**

- This web application allows users to add services & submit reviews for services.
- Users can also delete his/her reviews and show his/her all their reviews in the review section.
- User review section shows the updated/last added review first.

#### 3. Complete your code

**Code Repository Link:** *Client-side*  , *Server-side*  , *Live Site*  .

**Used Technologies:** React.js, Tailwind CSS, daisy UI, Firebase, SweetAlert2, React-spinner, React-to-print.

**Key Features:**

- You can choose the course you want to learn.
- You can choose the course you want to start & buy the course and download your invoice.
- You can log in/register with your email and password social-media.

### Education

**BSc in CSE, Computer Science & Engineering**  
National University

2019 – present | Dhaka, Bangladesh
